FOR IMMEDIATE RELEASE

January 18, 2022

OXFORD SUCCESSFULLY ACHIEVES CMMI V2.0 DEVELOPMENT MATURITY LEVEL 3 APPRAISAL

OXFORD MOVING FORWARD IN 2022 WITH ENHANCED RPA AND AI SOFTWARE DEVELOPMENT FOCUS

North Beach, Maryland, January 18, 2022 - Oxford begins 2022 by being appraised at Level 3 of the CMMI Institute's Capability Maturity Model Integration (CMMI)® framework. The appraisal was performed by CommandTec, LLC, in accordance with the Standard CMMI® Appraisal Method for Process Improvement (Benchmark) V2.0.

Gregg Kelly, CEO and President of Oxford commented: *"Oxford is a recognized leader in providing leading-edge services and the development of high-fidelity business intelligence and analytics tools used by Government customers. This latest positive assessment of our Software Development Group serves as an affirmation of our commitment to ensuring our business intelligence tools and applications are designed with quality, meeting the highest standards of software development."*

Meredith Brabender, Manager, Strategic Programs commented: *"Being appraised at CMMI Maturity Level 3 V2.0 is a significant achievement and measure of the discipline and rigor associated with Oxford's services and development practices. Achieving this accomplishment and recognition over the past year is a demonstration to the level of excellence delivered as part of Oxford's AI and RPA products."*
